LU-933

New Auto Speed Change Piping Strip Cutting Machine

Through years of R&D to improve LU-911B, we have successfully come up a more powerful faster and reliable strip cutting machine LU-933. This machine can cut almost any kinds of thin or thick fabrics in specialized 45 degree angle. It's a perfect solution in the production of T-shirt, Children clothing, Leather, Lycra, Knitting, elastic fabrics. Etc. LU-933 can be operated by manual or automatic also can easily control the rotation speed.

This new button is a special development to adjust fabric elasticity.

Specification

Rotation Speed:	30~460rpm
Power:	220V
Cloth Length:	135cm
Circumference:	60~200cm
Strip width:	15~90mm
Capacity: (about)	1roll /45 sec.
