

TYPICAL

GN9000 SERIES

SUPER HIGH SPEED FULL AUTOMATIC OVERLOCK SEWING MACHINE

- With three sensors control can avoid wrong cutting fabric and thread , sensors with ultraviolet-proof function, can use in sunshine.
- Special knife for edge cutter, auxiliary blowing and thread loosing device make thread cutting smoothly and stitch more beautiful.
- AC servo motor control, high speed lower noise, Max running speed 7500rpm, equipped with safety switch
- Integrated manual switch design, avoid sensor detection error after moved machine
- Motor build in fan, and hand wheel with exhaust outlet, can cooling motor and machine head
- With different model with edge, straight cutting thread for choice
 1. Pneumatic edge suction model
 2. Electric chopping knife model
 3. Pneumatic chopping knife model

GN9000D-3E3	3 threads super high speed overlock sewing machine with auto trimmer (electric)
GN9000D-4HE3	4 threads super high speed overlock sewing machine with auto trimmer (electric)
GN9000D-5E3	5 threads super high speed overlock sewing machine with auto trimmer (electric)
GN9000D-5HE3	5 threads super high speed overlock sewing machine with auto trimmer (electric) for heavy material
GN9000D-3Q3	3 threads super high speed overlock sewing machine with auto trimmer (pneumatic)
GN9000D-4HQ3	4 threads super high speed overlock sewing machine with auto trimmer (pneumatic)
GN9000D-5Q3	5 threads super high speed overlock sewing machine with auto trimmer (pneumatic)
GN9000D-5HQ3	5 threads super high speed overlock sewing machine with auto trimmer (pneumatic) for heavy material
GN9000D-3Q3/S	3 threads super high speed overlock sewing machine with auto trimmer (pneumatic) with edge suction
GN9000D-4HQ3/S	4 threads super high speed overlock sewing machine with auto trimmer (pneumatic) with edge suction
GN9000D-5Q3/S	5 threads super high speed overlock sewing machine with auto trimmer (pneumatic) with edge suction
GN9000D-5HQ3/S	5 threads super high speed overlock sewing machine with auto trimmer (pneumatic) with edge suction for heavy material
