

GLR-2212N-WP

Automatic Watch Pocket
Setter

Range of application

Product features

- **Materials** are received vertically and neatly, ensuring organized processing.
- Features a simple structure with patent protection for innovation and reliability.
- The Folding knife does not require replacement when changing pocket sizes; the adjustable folding knife work clamp adds convenience.
- Electromagnetic suction (upper and lower) enhances folding stability.
- Equipped with a reversing valve and an upgraded air filter element to extend the fan's service life.
- A Smarter control system ensures intuitive understanding and easy operation.

Specification parameter

Parameter	Details
Machine Model	GLR-2212N-WP
Machine Head	GLR-2212GT-01A
Maximum Sewing Speed	2800 rpm
Stitch	Single-needle flat seam
Hook Type	Shuttle hook
Stitch Distance	0.05–12.7 mm
Working Voltage	AC 220 V
Working Air Pressure	0.5 MPa
Sewing Area	60 × 60 mm–120 × 110 mm (X × Y)
Working Efficiency	12 s/PC
Equipment Dimension	1200 mm (L) × 980 mm (W) × 1550 mm (H)
