

HSM-438GT-BF

自动送扣钉扣机
Automatic Button Feeding
Machine

应用范围 / Range of application

产品特点 / Product features

- 1、钉扣机采用一体式结构设计，低耗电、高效能、高转速。
- 2、高品质振动盘送料机构，操作系统操作简单，适用范围广，送料更精准。
- 3、配可编程的7寸彩色触摸屏，钉扣花样程序和参数可轻松设置。

适用范围：适用于各类服装平扣的连续高品质缝制。

纽扣外径尺寸范围：8mm ~ 30mm；纽扣缝制区域范围：
6.4mm×6.4mm.

- 1, Button attaching machine adopts integrated structure design, low power consumption, high efficiency, high speed.
- 2, High quality vibrating tray feeding mechanism, the operation system is simple, wide range of application, more accurate feeding.
- 3, Installed programmable 7 inch color touch screen, button attaching pattern program and parameters can be easily set.

Range of application: It is suitable for continuous high quality sewing of all kinds of clothing flat button.

Button outer diameter size range:
8mm -30mm; Button sewing area: 6.4mm×6.4mm.
